Verification of Assessor Qualifications

The FAVRES/SFAVRES are standardized clinical test that evaluate cognitive-communication functioning. They require specialized training in administration and interpretation of communication measures. Purchase of these tests requires proof of speech-language pathology or speech therapy qualifications. Please see the qualifications statement on our website for more details. To receive a copy of these B level products please attach a copy of SLP or ST credentials (e.g. Licence or certificate or university transcript or membership card for regional association).
